DATE: \_\_\_\_\_

ELF'S NAME: \_\_\_\_\_

The elf above was examined and diagnosed with a severe infection of Elf Influenza. This form of Elf Influenza cannot be transferred to humans or pets but proper rest must be taken before normal Elf activity can resume.

The elf must not move for 3 days. No flying to talk to Santa, moving locations, drinking chocolate syrup, eating Christmas cookies or dancing.

Regular movement may take place after this time.

A handwritten signature in black ink that reads "Andrew S. Butler M.D.".

Dr. Andrew S. Bulter, M.D.
